

MOVE WELL - accelerator program for innovators in sports, movement and physiotherapy

Decathlon and **E-Health Valley** are teaming up to launch "Move Well", an initiative to support and accelerate the growth of innovative projects in sports, physical activity and physiotherapy in Europe.

Selected projects will receive access to the infrastructure of both organizations and be guided with product, go-to-market and funding expertise. Projects will receive €20K-40K **equity funding** and potentially receive additional capital from investors.

<https://www.move-well.eu/>

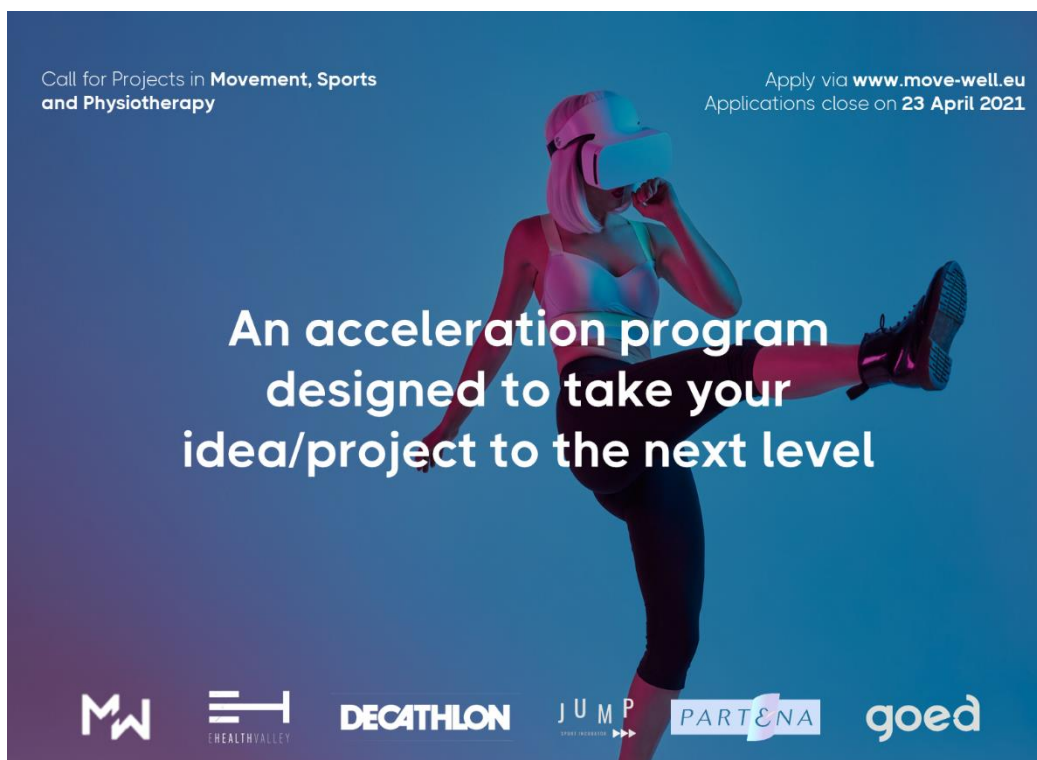

Application deadline: 23 April 2021

E-Health Valley is a **digital health startup studio** aiming to empower healthcare innovators/founders of an early stage startup to pioneer the next wave of disruption in healthcare.

E-Health Valley is a private initiative co-founded by EEBIC Ventures and entrepreneurs.
